Thankyou for downloading the Alltrak Rallysport Corporate Information Pack which I hope you find of interest.

Corporate Entertainment/ Teambuilding/ Activity Days is a relatively new business solution. In the older days of the 60's and 70's a round of golf and an evening at the bar was the innovation of it's time!

Business Days Away from the workplace, whether it is office, car or on the move are important in this 'pacey' way of business life as it gives us a chance to 'chill out', 'cool down', 'get a life', get 'back to reality' and enjoy each others company in a real, fun sort of way.

Business Days Away let's you get to know others around you in your working life in a different sort of way...a real way. Let's you see peoples strengths and weakness' – let's you see people as they really are, out of their normal environment. Let's everyone evaluate the benefit's of each other to one another. This is a real positive way of improving relationships in business life....and it's fun too.

I have survived in business for 23 years and I know the benefits of a happy, motivated, team orientated workforce and a happy contented and respected customer....is it not worth showing them how important they are from time to time by giving them a special day just for them....having fun.....and a laugh.....being respected....showing them they are important?.....Of course it is. Let us do it for you through an innovative, challenging, competitive, fun event at Alltrak.

Since 1997 we have created professionally managed and planned events for thousands of companies and individuals not only at our own superb 23 acre centre in Craigavon but at hotels, country clubs and estates throughout Ireland. We also employ some of the best specialists in their field to provide our clients with alternative activities to compliment our unique range of motorsports which allows us to satisfy a wide range of tastes. We even have a superb Watersport Centre less than 1 mile from our Centre and we also can recommend a wide range of excellent restaurant, hotel and conference facilities nearby.

ENTERTAINMENT
to suit all budgets!

Alltrak
Rallysport

Investment in people is fundamental to improvement in motivation, productivity and performance whether it is company staff, agents or customers. It has to be affordable and within budgets. A quick comparison of our prices with any of the other entertainment motorsport providers will confirm that Alltrak is by far the most affordable provider of Motorsport Entertainment in Ireland. Our award winning business has very carefully controlled overhead costs and together with our high volume of customer throughput allows us to deliver 'more for less' without compromise, every time. (References are available on request).

So if it is your task to organize a Business Day Away this year, have a read through this brochure and watch the five minute film on the DVD and if this is what you are after just call me on my direct line on 07788 598461 and we can discuss all your requirements in detail.

I hope to hear from you soon.

Yours faithfully

Alan Hyde

Rallysport

Alltrak Rallysport

Introduced in 2000 this is without doubt one of the most exciting forms of motorsport entertainment!

Ideal for anyone with basic driving experience, **Alltrak Rallysport** is the first step off the road and into competitive motorsport. Participants learn to control rallycars on a loose surfaced track in a safe, controlled and fun environment.

The competition is both individual and team based where each competitor receives some simple, easy to understand instruction from our experienced team of co-drivers who help them to do their best in a real timed eight stage competition.

There are trophies and bubbly for the winners.

We can also make dreams come true for anyone wishing to experience the thrill of a lifetime, driving one of our awesome, turbocharged, four wheel drive Subaru Imprezas.

For further information about Alltrak Rallysport give us a call on 3833 1919 or visit our website: www.alltrak.co.uk

Alltrak Digger Driving

To compliment our superb range of motorsport activities we provide a unique competition driving diggers!

Few people have ever driven a digger and learning to coordinate the robotic movement of the bucket and operating arm through the hand controls of the digger is a challenge in itself. The 'graduate' digger drivers receive expert tuition from our professional instructors, then gets a chance to get familiar with their digger. It's then down to business, where skill, control and speed are the ingredients of success.

Five tasks to complete against the clock! Knock the ball off its stand, lift the tyre, and set it down again upright and finally, scoop the gravel off the ground and empty your bucket into the tank. It's easy, honest!

A fun filled event for everyone which is always a winner.
Digger specification may vary.

Alltrak Archery

How many people have ever used a proper bow and arrow? Well here's your chance. Our expert professional team of archery instructors will bring you through the basics - stance, grip, aim and fire. Oh well, after a few goes you will be on target!

Now to the competition - the learning and practice over. Everyone has their chance to test their new found expertise and score! This is another complimentary fun event for everyone and is a sure fire hit.

There are trophies and bubbly for the winners.

Alltrak Mudpluggers

Introduced for the very first time in Ireland as a form of entertainment motorsport is Sporting Trials or "Mudplugging" as it is commonly known.

Mudpluggers are the nimblest, lightest, most ingenious hand made cars you can imagine. Drive it through a marked section, up and down muddy slopes, negotiate a tight and twisty course, don't stop and don't hit a marker post! - That's sporting trials - finish the section and you have scored a clean run. At the end of the day the car with the lowest score is the winner.

Learning to use the fiddle breaks, not break traction, not stall and an under zealous driving style is the key.

This new event is held on our purpose built sections at our Motorsport Centre in Craigavon. It's high on fun and will test everyone.

Alltrak Quadsport

Alltrak Quadsport is a low speed skills event ideal for the 'first time' and experienced quad bike rider. Following basic instruction, competitors must memorise the route or 'test' then ride the machines through a specially prepared course, which is fully portable and consists of bollards and cones, a limbo bar and a series 'stop boxes' and turns, all of which must be negotiated against the clock of course! Penalty points are issued for 'mistakes'. The object of the course is to combine a precise and accurate approach as fast as possible.

Blind Quadsport is another competition unique at Alltrak which is negotiating a similar course while totally blindfolded! Yes - the person driving the quad cannot see! This is a very good team activity as the rider gives their eyes to someone else. The team of two are connected by two way radio and together they negotiate a course - naturally against the clock! This is a 'great fun' group activity with plenty of laughs as the riders really have no idea what they are doing which is great craic for everyone watching.

This is a totally transportable package and can be operated on tarmac, gravel and grass ANYWHERE in Ireland.

Alltrak Rallykarting

Alltrak Rallykarting is the ideal formula for your event.

Indoor karting has been a popular activity with corporate groups for many years, however with outdoor Alltrak Rallykarting not only can kart racing take place at our purpose built, new race circuit in Craigavon but also on grass land at hotels, country clubs and estates anywhere in the country.

Rallykarting is competitive, exciting and most of all fun and requires minimal driving experience. The machines are very stable and designed by ourselves with driver safety and comfort as the main priority. Competitors can race against each other or against the clock and at a cost starting at only £35 per person it's an excellent fun event where everyone's a winner.
